

Stand out from the rest with our exclusive range of Sharkfin Banners. Our Sharkfin Banners are available in three heights namely: 2m (h), 3m (h), 4m. What sets our Sharkfin Flags apart from others is the fact that the actual pole system is constructed of lightweight fibre glass making them easier for handling and shipping and inherently rust proof. The supplied deluxe (extra length) ground spike is chrome plated to avoid rusting. For use indoors or on hard surfaces we have two freestanding base options, namely: Indoor Cross Base (single flag system) and Cluster Base (four flag system). Optional Water filled bags can be purchased and placed over these bases to make it more stable in higher wind conditions. All our Sharkfin Flags are supplied with deluxe nylon carry bags. All our custom branded Sharkfin Flags are printed digitally in full colour using the tried and tested traditional method of dye sublimation whereby dye based inks are fixated into the fabric yarn and not just simply printed on the surface of the fabric. This means the product is colourfast ie, washable and dry clean safe.
